### AGRICULTURAL ENGINEERING

**Scope Note:** Here are entered works on agricultural engineering and other related topics.

**Agricultural Engineering:** the branch of engineering that deals with the design of farm machinery, the location and planning of farm structures, farm drainage, soil management and erosion control, water supply and irrigation, rural electrification, and the processing of farm products. (Retrieved July 27, 2022 from, <https://www.merriam-webster.com/dictionary/agricultural%20engineering>).
